Theme: "*Can You Hear Me Now?* – God's principles for great communication"

Description:

Have you ever wondered how a nice person like you can be so misunderstood so often? A popular poster reads, "I know you believe you understand what you think I said, but I'm not sure you realize that what you heard is not what I meant." Life is all about relationships. And relationships are all about communication. Yet many of us encounter daily frustration in our efforts to both hear and be heard. The Bible has a great deal to say about the art of communication - how it became so hard in the first place, how to really listen, how to speak the truth in love. This study will transform your relationship with God and others around you.

Bio: Tom Sparling is a gifted communicator with a timely message of spiritual transformation for today's complicated world.
