# Notes

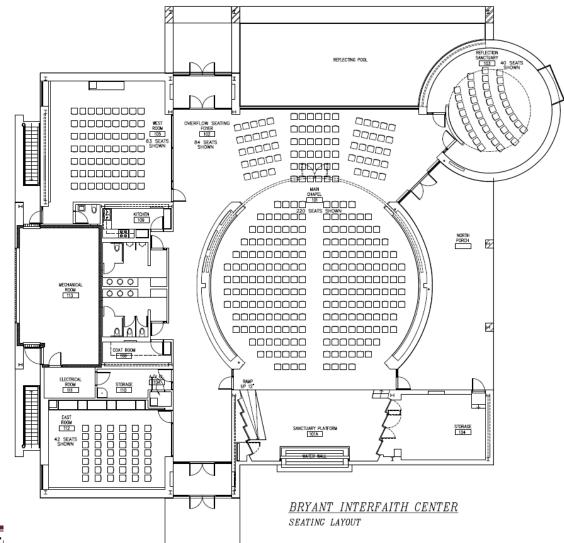

学校餐厅乃为用餐所用,校方也有人员在入口处计算用餐人数。过去由于非用餐人员的会客出入,曾引起用餐人数计算的误差及混淆,给大会造成额外的经济负担。建议不要在餐厅会客,也建议用餐人员临时出入时与门口校方人员通报一下,以免被算多次。The

Cafeteria is used for dining purpose only. The host university had placed staff to count the number of conference attendees using the Cafeteria. In the past, the dining counts by the Cafeteria staff did not match the meals counts by the registration, because some retreat attendees met guests at the Cafe, or got out of and got into the Cafeteria during the meal, resulting double-counting sometimes. As a result, please do not meet guests in the Cafeteria. Also, please give the counting staff at the entrance a heads up to avoid being double-counted if you need to get out and then in again.
